- Management
- Smart Work
- Problem Solving
- Team working

ABOUT ME

I am an enthusiastic and fast learner with expertise in React JS, Node JS, Express JS, Laravel, and Bootstrap. As a full-stack developer, I have honed my skills in these technologies and have a strong passion for creating excellent web applications.

PROJECTS

- **EVENT HALL BOOKING (WEB APPLICATION)**
  As a part of my final year semester I Developed a MERN based 'Event Hall Web Application' for project, enabling users to easily book event halls while showcasing real-time availability.
  2023 - May - July
  Technologies Used : React JS , Express JS , MongoDB , Node JS

- **INTERCONNECTED NETWORK FOR ATI**
  Collaborated with a team and develop an interconnected network solution for our SLIATE as a part of a third-semester group project. This initiative aimed to enhance the SLIATE's networking infrastructure and optimize data communication.
  2023 - January - April

  Key Responsibilities :
  - Led the network design phase, determining optimal hardware placement and topology.
  - Configured servers, switches, and routers to establish a seamless and efficient data flow.

EDUCATIONAL QUALIFICATION

- **ZAHIRA COLLEGE KALMUNAI**   2016-2018
  Physical Science - C , 2S

- **ADVANCED TECHNOLOGICAL INSTITUTE (READING)** 2020-2023
  Higher National Diploma In IT (HNDIT)

CERTIFICATIONS

- ISO/IEC 27001:2022 Information Security Associate
  SkillFront - Sept 2023

- JavaScript Certification
  Udemy - Aug, 2023

- SQL Certification
  HackerRank- Jul, 2023

- Penetration Testing
  Udemy - May, 2020
